DETAILED ACTION

Allowable Subject Matter

1. Claims 1 and 4-20 are allowed.
2. The following is an examiner's statement of reasons for allowance: It is agreed that the prior art of record fail to teach or suggest, alone or in combination, of the limitations: "the radio module comprises a radio chip and a shielding cover extending over the radio chip; and wherein the antenna module comprises a non-conductive carrier having an upper end and a lower end, the lower end of the carrier having a recesses area formed therein which receives the radio module therein; and an antenna positioned on the upper end of the carrier having contact pins extending therefrom forming the second RF connection to the PCB" as claimed in claims 1 and 17. It is for this reasons in combination with all the other limitations in the independent claims 1 and 17, and in light of the terminal disclaimer filed on 2-8-05 that claims 1, 4-16, 17-20 are allowable over prior art of record.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
